Internshala Trainings, Online
Sep 2023 - Oct 2023

PROJECTS

Social Media App (Twitter clone)
Nov 2023 - Jan 2024
https://trainings.internshala.com/uploads/back-end-web-development-fs-specialization/uploads/projects/v_2/3667611/65a0091d6088f.zip

Built a Twitter clone with features like user login, registration, creating and deleting a tweet, adding an image to a tweet, liking and disliking a tweet, adding and replying to a tweet, retweet, read all the tweets in an app, create and edit a user, follow and unfollow user, view a user profile details, update profile picture including uploading images using multer, etc.

E-Commerce

Oct 2023 - Oct 2023

https://stunning-puppy-4fc55c.netlify.app/

I have deploy my project on netlify my website teke some time for run bcz this is running on free domain

Created an eCommerce website that allows sellers to showcase their products by posting pictures, adding descriptions, including rate tags, and also allows the users to compare similar products by different sellers.
